SYMBOL/DESCRIPTION	SYMBOL	LABEL/STYLE	SYMBOL	DESCRIPTION	SYMBOL
American Indian Reservation and/or Off-Reservation Trust Land		<i>not labeled</i>		Intersect or U.S. Highway	
State (or statistically equivalent entity)		<b>NEW YORK 36</b>		State Highway/Road	
County (or statistically equivalent entity)		<b>ERIE 029</b>		Other Road	
Minor Civil Division (MCD) <sup>1</sup>		Lee town		4WD Trail, Stairway, or Ferry	
Consolidated City		MILFORD		Nonvisible Boundary	
Incorporated Place <sup>2</sup>		Davis			
Census Designated Place (CDP)		Cochiti			
Census Tract <sup>3</sup>		<b>33.07</b>			

Where state and county, and/or MCD boundaries coincide, the map shows the boundary symbol for only the highest-ranking of these boundaries.

State and county names are followed by their FIPS code.

MCDs are symbolized and labeled only in the 12 strong MCD states: Connecticut, Maine, Massachusetts, Michigan, Minnesota, New Hampshire, New Jersey, New York, Pennsylvania, Rhode Island, Vermont, and Wisconsin.

2 Incorporated place name color corresponds to the incorporated place fill color.

3 The full census tract code consists of six digits with an implied decimal point between the fourth and fifth digits. For legibility on this map, the leading zero(s) have been striped and the decimal point is shown. To translate a census tract number on the map to its full code, add as many zeros as needed to the left side of the number to reach six total digits and remove the decimal point before the last two digits.

Example: Census tract number on the map "33.07" represents census tract code "003307"

Due to space limitations, some road names, along with other feature and geography names on the map, may not be shown.
